## Mobster Fleisher Up For Long Rap, Hopes He Can Get New Trial

DETROIT—(P)—Hopful for a new trial, Mobster Harry Fleisher languished in a federal prison today.

The 46-year-old former Purple Gang leader awaits another court hearing which may send him off to as much as 45 years in prison.

He faces five years on a federal rap and up to 40 on a Michigan conviction for murder conspiracy.

Fleisher, seized by the FBI last week while he sun-bathed on Florida sands, pleaded guilty yesterday to a federal fugitive charge. Sentence was deferred.

Before his court appearance Fleisher said to a reporter that he has "new hope" for another trial on a 1944 Michigan night club club robbery conviction. He said

he was "framed." He was ordered to serve 25 to 40 years.

It was to avoid that sentence, and a concurrent term of 4½ to 5 years for conspiring to murder State Sen. Warren G. Hooper, that he jumped \$30,000 bond in 1948 and fled Michigan.

The Hooper slaying in 1945, actually has never been solved. Hooper was shot to death on the eve of his scheduled testimony before a state grand jury investigating graft.

Federal Judge Theodore Levin set bond of \$100,000 for Fleisher. Edward H. Kennedy, Jr., the gangster's attorney, said he had "no intention" of trying to raise it.

The tanned, balding Fleisher said he was looking forward to seeing his wife, Harriet, who still lives in Detroit.

"You might not think so," he admitted, adding:

"I expect I'll have a rough time with her. She sure knows about that woman who was with me. But Hattie knows, too, that a man is practically unnoticed when he travels anywhere with a woman."

"She'd understand that. She'd know it was just one of those things."

The "woman," Bernice Jackson, 31, was picked up with Fleisher in Florida. She also is to be returned to Michigan, possibly as a material witness.

Federal authorities at Miami also are holding Albert Samuel Wright, of Cincinnati, a parolee from an Ohio prison, on a charge of having harbored Fleisher.

## Senate Votes On Navy Chief

### Oratory On Denfeld Ouster Comes First

By JACK BELL

WASHINGTON—(P)—Only some senatorial oratory stood today between Adm. Forrest Sherman and an official clincher on his job as chief of naval operations.

Senate leaders agreed to a vote sometime during the afternoon on Sherman's nomination to succeed Adm. Louis Denfeld in the top navy spot.

Before the vote could be taken senators (R-Mo) and McCarthy (R-Wis) wanted to talk about the way Denfeld was skidded out of office last November. This was after the Senate had confirmed him for a second two-year term which was to have begun in December.

Everybody concerned made it plain that they had nothing against Sherman, although McCarthy announced he would have to vote "present" on the confirmation vote because he isn't satisfied with the explanation from secretary of the navy Matthews of how it all happened.

Denfeld testified before a House committee that the navy was being strangled down by the other military brass at the Pentagon. After that testimony Matthews has said the testimony did not cause the Denfeld ouster.

McCarthy's point was that Matthews had given the armed services committee "erroneous facts." He said Matthews "either is not telling the truth or he is so incompetent that he doesn't know what goes on."

Matthews' only qualification for the office, McCarthy added, "was his support of the winning presidential candidate."

## Union Proposes Telephone Jam

### Government To Take Hand In Dispute

By NORMAN WALKER

WASHINGTON—(P)—The government took a hand today in a labor dispute which has brought a threat of a nationwide telephone strike. The union has come up with a new twist: a plan to make the strike effective by jamming company switchboards.

The federal mediation service said it was entering the dispute to help get a settlement. William N. Marshall, assistant director of the service, was to confer first with Joseph A. Beirne, president of the strike threatening CIO Communications Workers of America (CWA). He said he would meet with company officials later.

The union has announced it will call a walkout of 300,000 phone operators and equipment caretakers soon unless companies of the Bell System negotiate an agreement based on the union's demands.

The CWA is asking a wage boost, pension changes and a 35-hour work week. It has not fixed the amount of wage increase it wants.

Beirne called on the public and members of other CIO unions yesterday to use their telephones as much as possible in case a strike develops, in order to jam telephone switchboards. During a six week strike in 1947 the Bell System used skeleton crews to keep service going. Beirne said a continuing deluge of phone calls during a strike would overtax automatic dial equipment, breaking it down and making a walkout more effective.

## Spy Conspiracy Trial Opens In New York

NEW YORK—(P)—The long-delayed spy conspiracy trial of Judith Coplon and Valentin A. Gubitchev began today.

Selection of a jury got under way shortly before noon after Federal Judge Sylvester J. Ryan denied a number of defense moves that would have delayed the trial still further.

An attorney of the Soviet embassy Yuri Novikov, sat with the Russian engineer Gubitchev by special permission of the court.

Ryan directed that no mention be made during this trial that Miss Coplon, formerly a justice department employee, already has been convicted on a similar spy charge.

DANCERS BEAT COAL STRIKE—Pupils of the Steinmetz high school, in Chicago refused to let John L. Lewis and the striking mine workers ruin their mid-year prom. Night dances at the school have been banned since the coal strike began to conserve fuel so the students each brought ten pounds from home to create a large enough stockpile and the big dance went on as scheduled. ## Nationalism Menace Due For Crackdown In West Germany

By EDWARD E. BOMAR

WASHINGTON—(P)—High Commissioner John J. McCloy says he is ready to crack down "swiftly and firmly" if a dangerous revival of nationalism should develop in western Germany.

While expressing confidence that pro-western democratic elements will prevail, McCloy acknowledged in a report on his first six months in Germany, there is peril from the extremists—especially if they join forces with Soviet Russia.

His view is that the United States, Britain and France retained "ample powers" in setting up the Bonn regime to deal with any threat they have authority to intervene directly, and can deny further concessions to west German government, he noted.

"If necessary, I would not hesitate to apply these remedies swiftly and firmly," McCloy declared last night.

McCloy gave a progress report in a radio address after conferences with President Truman and Secretary of State Acheson following his arrival for a week's stay in the capital. He brought up the matter of the authority retained by the occupation forces because he said there is some feeling the west gave up power too soon.

"If there were no danger in Germany we would not be there," he said.

"Germany constitutes a danger within itself and even more fearful danger if allied with, or subordinated to, the interests of the Soviet Union."

He said that the Communist and rightist extremists "seem prepared to get together with the totalitarianism of the Soviets, should a good opportunity present itself."

On the other side of the picture, McCloy declared that a vast majority of the Germans are deeply opposed to militarism and war and "want no more military adventures." He concluded that "We face a hard task in Germany" but added: "Within Germany itself, I firmly believe, there exist spiritual resources from which can emerge a peaceful democratic state, prepared to take its place as a true member of the western world."

## Chrysler Plant Nears Walkout

### Big 1950 Production Drive Hits Snag

DETROIT—(P)—The automobile industry's high-geared 1950 production drive ran up against a possible snag today—a threatened Chrysler strike.

Tomorrow at 10 a. m. (EST) 89,000 Chrysler workers are to walk out.

However, negotiators strove for a 16th consecutive day today to compromise the dispute.

Yesterday the CIO United Auto Workers, in a surprise maneuver, offered to abandon their \$100 monthly pension demand in exchange for a straight wage boost.

The \$100 pension has been the union's No. 1 objective of its 1949-50 bargaining program.

Chrysler gave no sign that it was willing to agree to the new proposal. The union proposed a flat 10 cents an hour increase, its "rock-bottom" offer.

President Walter Reuther, now heading union negotiations, said that Chrysler "has got to accept or we strike."

## Romance Has Setback For Gorgeous Gussie

MADRAS, India—(P)—American tennis star Gertrude "Gorgeous Gussie" Moran, whose surprise engagement to a Briton in Calcutta was announced only a few days ago, said today the engagement is indefinitely postponed.

"I cannot say what will happen," said the girl whose lace-trimmed panties threw Wimbledon into a tizzy last year. She was asked if she would, eventually wed British businessman Anthony Davenport.

"I don't like going against my parents' wishes," she added in an interview.

Gussie had announced Jan. 21 that it was "love at first sight" and she said she would marry the 28-year-old son of a British economist she met only a month ago.

## Cut In Excise Levies Backed By Lawmakers

### Billion Dollar Boost May Be Sidetracked

By FRANCIS M. LEMAY

WASHINGTON—(P)—Congress showed signs today of writing its own tax ticket, ignoring President Truman's advance notice that he will veto any bill that cuts taxes without making up the revenue elsewhere.

There was much talk on reducing excises—sometimes called sales or nuisance taxes—but rejecting part or all of Mr. Truman's proposed \$1,000,000,000 tax boost on other things.

The president yesterday asked Congress to enact a tax law that would:

1. Increase federal revenue by \$1,000,000,000 by higher taxes on corporations with annual profits over \$50,000 and by larger estate and gift taxes; and
2. Reduce many wartime excise rates—but only to the extent that the revenue loss is recovered by plugging existing tax law loopholes.

### Reductions Recommended

He recommended no increase in individual income taxes.

Shortly after the president's message was read in the House and Senate, the House appropriations committee disclosed that the treasury department has added the third major point in the administration's tax program: a crackdown on tax dodgers of the middle income brackets who do not report all their taxable income.

Mr. Truman picked out as excise reductions "most urgently needed" the present 20 per cent retail levies on furs, jewelry, toilet preparations, luggage and handbags, the 15 per cent levy on passenger tickets, the 3 per cent levy on freight, and the 25 per cent tax on long distance telephone and telegraph charges. ## Army Mutiny Blamed For Guerrilla Raid On Batavian Capital

JAKARTA (BATAVIA) U. S. I.—(P)—A top Indonesian military chief today blamed a sudden guerrilla raid into the city of Bandung on a "mutiny" of native soldiers in the Dutch army.

About 600 armed fighters from the so-called private army of an outlawed former Dutch army captain seized key points in the big West Java city yesterday morning, but withdrew later in the day after bloody fighting.

A Dutch army spokesman said a Dutch general at Bandoeng, 120 miles southeast of Jakarta, had persuaded the guerrilla raiders to withdraw to avoid further bloodshed. Sixty Indonesian army soldiers, including three high ranking officers, were reported killed in the fighting as guerrillas took over most of the city.

## Repairman Crushed By Saginaw Elevator

SAGINAW, Mich.—A 43-year-old hospital maintenance man, Harold William Haines, was crushed to death Monday while repairing a freight elevator.

Haines was working on top of the stalled elevator at Saginaw General hospital when someone apparently pushed the call button. The rising elevator pinned Haines against the shaft wall.

## House Pigeonholes Truman FEPC Bill

By WILLIAM F. ARBOGAST

WASHINGTON—(P)—President Truman's anti-discrimination (FEPC) bill appeared tightly locked in the house rules committee today. Speaker Rayburn, the president's own leader, showed no apparent hurry to rescue it.

The FEPC bill, cornerstone of the president's civil rights program, could have been brought up yesterday under the 21-day rule, but Rayburn elected to give Alaska-Hawaii statehood bills right of way.

He told newsmen they were on the docket ahead of the FEPC bill, which Rayburn doesn't like anyhow. It would create a fair employment practices commission empowered to enforce bans on

## Tigress Attacks Woman Trainer, 60, At Burbank, Calif.

BURBANK, Calif.—(P)—Surgeons believe that diminutive Mabel Stark, famed as a wild animal trainer for some 40 years, won't lose her right arm, mangled by a powerful bengal tigress.

The 115-pound tiger trainer was bitten as she attempted to lift a three-month-old cub from its mother's cage at the World Jungle Compound, Thousand Oaks, Calif., yesterday. The mother, seven-year-old Pasha, rushed at Miss Stark and gripped her arm. Pasha supposedly was "very tame."

Billy Richards, one of the compound owners, said he and others heard Miss Stark scream and rushed to her aid.

Burbank hospital attendants say she is "getting along as well as could be expected" and that her condition is serious but not critical.

Prior to yesterday's encounter, she had been seriously injured in two previous attacks by tigers. More than 500 stitches were required to close various wounds inflicted by the beasts. Once she nearly had an eye clawed out.

Recently Miss Stark, reputedly past 60, said, "I'm the only woman crazy enough to fool around with tigers."

Last December at Thousand Oaks, Mrs. Kovar Schafer, 42, another widely known animal trainer, was killed when a lion bit her in the neck, severing her spine.

## Arctic Chills Hit Northwest

### Snow Stalls Trains In British Columbia

SEATTLE—(P)—A new cold wave from the Arctic blew across the Pacific Northwest today. Temperatures plunged sharply and a return to subzero weather in eastern Washington was forecast for tonight.

The return of winter, after a four day respite, added three new deaths in British Columbia and brought the northwest's toll to 20 since the record blizzard of Jan. 13.

Two trainmen, trapped in a locomotive cab, died in a mountain avalanche 150 miles northeast of Vancouver, B. C., and an 8-year-old girl, Antoinette Pasquali, was killed at Cranbrook by ice sliding from a schoolhouse roof.

At Vancouver, a near-blizzard dumped six inches of snow yesterday. Traffic was stalled and thousands of workers were unable to reach their homes.

The avalanche that carried the engine and a boxcar of a Pacific Great Eastern railway into Seton lake, 150 miles northeast of Vancouver, B. C., swept down a mountainside during a blizzard. Three other cars were derailed.

The engineer, Alec L. Munro, 42, and fireman Harry P. Seymour, 27, both of Squamish, B. C., had no chance of escape.

## Disciple Of Gandhi Is First President Of Indian Republic

NEW DELHI, India—(P)—Dr. Rajendra Prasad, 64-year-old disciple of the late Mohandas Gandhi, was named first president of the Indian Republic today by a cheering constituent assembly.

Prasad, who had served as president of the Constituent Assembly, will be installed at ceremonies Thursday when India formally drops her status as a British Commonwealth Dominion and becomes a "Sovereign Democratic Republic."

Although India is thus renouncing any allegiance to King George VI she will continue to remain a member of the British Commonwealth under an elastic interpretation of Commonwealth Association.

RESORT OWNER KILLED

WEST BRANCH—(P)—A resort owner, Glen Erdley, 45, died near here Monday in a two car crash in which five other persons were injured. Erdley, who operated a resort at Lake Mitchell, near Cadillac, also was a former deputy sheriff and conservation officer.

## Steel Mills Feel Coal Tieup Pinch; Workers Laid Off

PITTSBURGH—(P)—The long tentacles of the coal strike stretched into the steel industry today and squeezed 500 workers out of jobs.

The continued walkout of 63,000 United Mine Worker members forced Crucible Steel corporation to reduce operations at its Midland, Pa., plant.

Crucible laid off 500 and said the idle total may reach 1,000 by the end of the week if the coal shortage continues.

At the same time, a General Motors spokesman said his firm has been notified by steel companies that they may have to shut down this week for lack of coal. He did not identify the steel companies.

H. R. Boyer, director of GM's motors' production engineering section, said the giant automobile corporation would have to shut down in 30 days if the steel supply is cut off.

Youngstown Sheet and Tube company also made plans to cut back production at its Brier Hill works in Youngstown, O. No figures were given on the number of workers that will be affected.

Die-hard miners in six states grimly clung to the UMW tradition of "no contract, no work." They turned deaf ears to the pleas of John L. Lewis and his field lieutenants to work without a contract.

The UMW leader yesterday declined an invitation to defend his three-day work week before a Senate committee.

The Senate labor committee invited Lewis to testify on a resolution which would urge President

Truman to use the Taft-Hartley Act to force Lewis to drop the short work week.

Lewis said it would be "inappropriate" for anyone from the UMW to discuss the issue of the three-day week while the matter is in the courts.

He was referring to a suit brought against the union by Robert N. Denham, general counsel to the National Labor Relations Board. The suit which seeks an injunction pending a decision by the NLRB as to whether the three-day week is an unfair labor practice has been postponed until February 1. It had been scheduled for a hearing Thursday.

The UMW, under fire in Congress, had other troubles in Florence, Colo. There, 15 UMW members are under arrest on charges of stoning and beating coal miners of a newly formed independent union.

## Father Killed To Spare Pain

### Stamford, Conn., Girl Tried For Murder

By ARTHUR EVERETT

BRIDGEPORT, Conn.—(P)—A blonde girl, Carol Ann Paignt, goes to trial today, pleading that mental shock led her to shoot to death her cancer-ridden policeman father as an act of mercy.

The 21-year-old Stamford, Conn., college girl invaded her father's hospital room and killed him with his own service revolver last Sept. 23. She had learned of his incurable cancer but a short time earlier.

Defense Attorney David Goldstein said he would not ask for a delay of Fairfield county's first mercy slaying trial.

He added, would there be any dickering for a lesser plea of manslaughter. The charge is second degree murder—punishable in Connecticut by life imprisonment and no less.

Carol Ann's plea, he said, is temporary insanity.

The state charges the girl kept vigil last fall while her 50-year-old father, Carl W. Paignt, sergeant of Stamford police, underwent examination for an ailment of whose nature he was ignorant.

Tense with worry, Carol Ann allegedly left the hospital when finally told that cancer had doomed her beloved father. She is accused of returning with his service revolver and shooting him in the head as he slept. He never knew, fellow police said, that the diagnosis had shown cancer.

Carol Ann was quoted by police as saying she could not bear the thought of the suffering before her father.

## Brake Pledged To Back Kelly

### Treasurer Won't Run For Governor

LANSING—(P)—State Treasurer D. Hale Brake announced today he would not be a Republican candidate for governor and would throw his support to former Governor Harry F. Kelly.

Brake was among those prominently mentioned as a possible candidate. When Kelly announced, however, friends predicted that he would not run against the former governor.

"We must win for the party in November and save the state from another two years of this adolescent, mislead administration," Brake said, referring to the Democratic regime of Governor Williams.

"There already is a candidate in the field whom I can actively support."

A long-time state treasurer, Brake was a member of the "team" of elective state officials in Kelly's former administration.

Brake's withdrawal leaves only Secretary of State Fred M. Alger, Jr., and Congressman Albert J. Engel of Muskegon as rumored candidates. They have not announced their decisions finally.

## Blizzard Careens Across Minnesota

(By The Associated Press)

Blizzard conditions prevailed over Minnesota and sections of the Dakotas and Montana today. Temperatures tumbled and strong winds whipped snow into huge drifts. Some highways were blocked.

Colder weather was forecast as the storm moved south and eastward into the central states. The mercury was 22 below zero at Great Falls, Ont., and -12 at Minneapolis, early today.

Another cold wave from the Arctic blew across the Pacific northwest. Subzero temperatures were predicted for eastern Washington.

There was snow, rain or sleet from the Pacific northwest eastward into the Great Lakes region. The heaviest snowfall was in Minnesota. Snow fell in Upper Michigan and northern Wisconsin westward through Minnesota, the Dakotas, Montana, Wyoming, and parts of northern Colorado and the Pacific northwest states.

A rain belt extended over Indiana and Illinois. Freezing rain was reported over most of Iowa, southern Wisconsin and southern Michigan. Glazed highways made driving hazardous.

## Whisky Prices Cut

LANSING—(P)—The State Liquor Control Commission today announced reductions on three brands of whiskey effective Feb. 25. The reductions range from 33 cents a pint to 66 cents a fifth.

The Commission said the reductions preceded the usual April 1 price adjustments because of a drastic lowering of the wholesale price

## Democratic Banquet Costs \$100 A Plate

DETROIT—(P)—Invitations to the \$100-a-plate Jefferson-Jackson dinner in Washington Feb. 16 went out to Michigan Democrats today from the office of National Committeeman George S. Fitzgerald.

A Michigan delegation of 250 will be headed by Governor Williams.

CRUSHED BY TRAILER

DETROIT—(P)—A truck trailer, backing up outside the Kramer Transportation Co., crushed Joseph S. Helmicki, a watchman, against a loading platform. Helmicki died on the way to the hospital.

## Beverly Johnson Is D. A. R. Girl At Rapid River

RAPID RIVER, Mich.—Beverly Johnson, 17, daughter of Mr. and Mrs. Steven Johnson, Ensign, has been chosen D.A.R. girl by her classmates and her teachers at Rapid River high school.

A senior, Beverly is president of her class and secretary of the student council. During her four years in high school, she has participated in a number of student activities including glee clubs, operettas, and the junior class play. As a freshman, she served on the student council and was vice-president of her class last year.

She is one of three girls honored each year by the Lewis Cass Chapter of the Daughters of the American Revolution. They are chosen on a basis of dependability, service, leadership, and patriotism.

Beverly will attend a dinner in honor of the D.A.R. girls of the Delta County high schools on February 13. At that time, she will be presented with a pin in recognition of her high qualities of leadership.

She will also receive a questionnaire from the state chairman of the D.A.R., the replies to which will determine a state D.A.R. girl who will be presented with a \$100 bond.

## Prospectors For Uranium Face Wild Michigan Area

Tenderfoot and sourdough uranium prospectors invading Michigan's Upper Peninsula are likely to discover that a smattering of frontier-day know-how is almost as indispensable as their modern Geiger counters.

The going definitely favors the rough-and-ready type in the vicinity of the latest reported strike of the No. 1 Atomic Age metal. This Baraga County section of the Wolverine state is one of the country's few remaining wild and remote regions, notes the National Geographic Society. Bears are fair game the year around, and the forest is so dense that periodically manhunts must be organized to search for strayed or lost visitors.

The newly found deposits of uranium-rich pitchblende ore lie along the Huron River, some 15 miles northeast of L'Anse, the Baraga County seat, which has a population of almost 3,000. The town, largest near the strike, is surrounded by heavy woods and was, for many years, a camping site for French explorers, trap-

pers and missionaries.

A member of the Austrian House of Hapsburg; an Englishman, homesick for his native land; and an American automobile tycoon have left their impress in the wilderness area but most of the country is much as it was 50 years ago.

Father Frederick Baraga, called "The Apostle of the Northwest," was the Hapsburg who founded the village of Assinins in 1843 and gave his name to the present county. An accomplished linguist, he compiled a grammar and dictionary in the language of the Ojibway Indians, the local tribe with which he labored.

In 1879 Charles Hebard laid out as a suburban English village the town of Piquemung, located on a finger-like peninsula between L'Anse and the Huron River. Oak shaded streets, shingle-sided houses mellowed with age, and wide lawns distinguish the little community, a lumbering town of some 250 people. Henry Ford bought the peninsula in 1924 for its fine, hardwood lumber.

### Skaneateles, Last Stop

Skaneateles, home of Sweden's last stop on the road from L'Anse to the uranium strike locale on the Huron River. Primarily a hunting and fishing village, Skaneateles normally can provide guides for adventurers who cross the Huron river into the dense hardwoods of the lake and mountain region beyond.

Uranium prospectors will find every variety of native Michigan wild life as they make their way by foot through this largely unexplored region east of the river. There will be deer and trout, but only an occasional sportsman seeking them. There will be magnificent waterfalls, arresting scenery, and a terrain practically untouched by men.

And near the East Branch Falls on the Huron River the uranium hunters of today can expect to come upon reminders that other prospectors have been there before them—the vanished sourdoughs who have left behind the gaping holes of rain-washed ore pits where they once mined gold, silver and manganese in bygone years.

## Harnischfeger Credit Union Picks Officers

Members of the Credit Union, employees of the Harnischfeger Truck Crane plant at Escanaba, recently held their first annual meeting and elected officers and a board of directors for the ensuing year.

Officers and directors are: Durwood Chase, president; Robert Jensen, vice president; Elmer Johnson, treasurer; Eloise Kosbab, clerk; and Oliver Fuller, director.

## Delta Furniture Co. Building Under Way

The Escanaba Foundation has awarded the contract for the construction of a factory building for the Delta Furniture company to Erling Antzen, Escanaba building contractor, who placed a crew of 10 men on the project this morning.

The new building, 145 by 57 feet, will be erected on the south side of the former Steele-Wallace plant on Stephenson avenue, now occupied by Northern Motor Builders, Delta Furniture and the Harnischfeger corporation. Most of the foundation of the old Cochrane Roller Mills foundry building, which was destroyed by fire last year, will be utilized for the Delta Furniture company structure. Concrete blocks and steel will be used in the construction. The building will have a brick

front matching the adjoining industrial plants.

The Escanaba Foundation company was organized here a few years ago to administer the funds acquired by the Escanaba Chamber of Commerce for industrial promotion purposes.

After Delta Furniture vacates its quarters in the former Steele-Wallace building, Harnischfeger corporation will install its D-C electric welding equipment plant there. Harnischfeger now makes A-C welders in the adjoining section of the building.

# Delta Business And Industry Sponsor 2nd Annual BIE Day

## Will Be Host Wednesday To 300 County Teachers

School teachers of Delta county, about 300 in number, tomorrow will be guests of business houses and industrial firms of Gladstone, Escanaba and the county at the second annual Business-Industry-Education Day.

Thirty-nine business and industrial firms will be host to the teachers for the day including a tour of plants where inspections, discussions and conferences will be held; noon luncheon meetings, and a banquet program in the evening at St. Joseph parish hall in Escanaba.

All schools in the county will be closed for the day.

The teachers will gather at 8:45 a. m. tomorrow in William Oliver auditorium, Escanaba Junior high school, for the start of the day's program.

**Groups Tour Plants**  
Each of the sponsoring business houses and industrial firms will have representatives there, and automobiles will be provided by the sponsors to transport the groups of the teachers to the business places, plants and factories. Purpose of BIE Day is to better acquaint the teachers with the business and industrial life of the community and teachers will be assigned to the sponsors on the basis of their interest or the subject they teach, so far as that is possible.

Following the morning tours and meetings, the teachers will be guests of the sponsors at noon luncheons in hotel and church dining rooms of Escanaba and Gladstone.

The afternoon program will continue the conferences and plant visits. The teachers will be informed by department heads, plant officials, and managers of business houses, on production methods and operating procedures. Business trends, employee relationships, plant management and other pertinent topics will be discussed.

**Evening Banquet**  
The cities of Escanaba and Gladstone, two of the sponsors, will conduct the teachers on inspection tours of the several utilities, with operating explanations by city managers and department heads. Ample time will be allowed for question and answer periods.

The BIE Day program will be climaxed by a banquet program, starting at 6:30 o'clock tomorrow evening in St. Joseph parish hall. About 400 persons are expected to attend.

## Texas Thieves Scoop Up \$75,000 Diamonds; May Be Worthless

GREENVILLE, Tex.—(AP)—Some-one stole between \$50,000 and \$75,000 worth of diamonds from the Core Laboratories Saturday night, but to the thief they're practically worthless.

Plant officials said it would be almost impossible to peddle the 12,000 carats in industrial diamonds because of the close relationship between dealers and manufacturers.

They think the burglars who cracked the plant's safe grabbed the small fortune in industrial dia-

## Seney

Seney, Mich.—Mesdames Smith, Riordan and Furst returned last week from Detroit where they have been visiting relatives and friends. Don Smith remained in Detroit where he is employed.

A daughter was born to Mr. and Mrs. Isadore Miller on Dec. 29 at the Shaw hospital.

A son was born to Mr. and Mrs. Ed Hyonen on Jan. 9 at the Newberry Clinic.

A son was born to Mr. and Mrs. Don Curry on Jan. 16 at the Newberry Clinic.

Mrs. Chas. Smith and Mrs. J. Riordan motored to Marquette last week where Mrs. Riordan received treatment for an eye infection.

The Cribbage club met again Thursday evening with Mrs. Ketola and Mrs. Tobin as hostess. First prizes were won by Mrs. Smithson and Sid McArthur and low by Mrs. Walstrom and Clyde Hutt. Thirty-two members were present.

Mesdames C. Gonser and J. Riordan were hostesses at a stork shower honoring Mrs. Don Curry on Friday evening. Several games of Cribbage were played with prizes going to Mrs. Niemi and Mrs. A. Nelson. Mrs. Curry received many lovely and useful gifts. A delicious lunch of cake, ice cream and coffee was served by the hostesses. Those attending included Mesdames Tovey, Hutt, Niemi, Furst, A. Nelson, Pelkie, Boonenberg, McArthur, Smith, Don Wierstella, Cornell, Van Wald, Walstrom, McDowell, Watson, R. Curry, Tobin.

Mr. and Mrs. E. Sadler, Pete Hyonen and Emil Ketola attended the funeral of the late John Val-kama at Manistique last Thursday.

The 4-H clubs are sponsoring a games party to be given Thursday evening Jan. 26 at the school.

We urge every sufferer from Rheumatism and Arthritis to read the following testimonial of Mrs. Anna Wiers of 833 S. State Street, St. Ignace.

"I started taking O-JIB-WA BITTERS upon recommendation of a friend and my local druggist, and can truthfully say that no other medicine has helped me so greatly. For over three years, I was in awful shape with Rheumatism and Arthritis, and I honestly thought Mrs. Anna Wiers I would never get

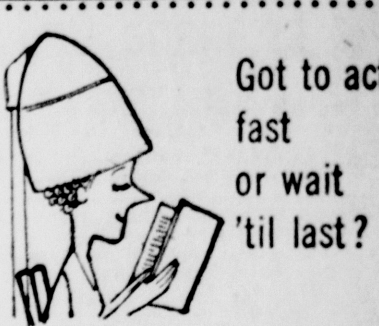

talized two months. She never fully recovered.

She leaves three sons, Louis of Menasha, Harvey of Rockford, Ill., and Emil in Muskegon; a daughter, Mrs. Ed Berger of Alpin, Calif., a daughter-in-law, Mrs. Arthur Beauvais in Escanaba; a sister, Mrs. Joseph Cardin of Milwaukee; 20 grand children, 10 of whom reside in Escanaba, and five great grand children. Other relatives in this area include Napoleon Valind of Gladstone, a nephew, Mrs. P. L. Burt of Gladstone, a niece, and J. C. Valind of Escanaba, a nephew. Damas Beauvais, her husband, died last June. Services for Mrs. Beauvais will be held in Neenah.

## CAB Hearing Ends At Marquette

THE CAB hearing at Marquette on Upper Peninsula air service has ended. The hearing examiner, Vernon Radcliffe, has returned to Washington, accompanied by voluminous records of the testimony presented by an army of witnesses. He reported that the five members of the Civil Aeronautics Board will study the testimony and that it probably will be several months before any testimony is reached.

The testimony presented at the hearing showed that the Michigan communities were solidly behind the application of Nationwide Airlines for a CAB certificate. The lone break in the solid front, presented early in the hearing when a travel agent of Wisconsin Central at Houghton testified that the Houghton Association of Commerce was neutral but did not want to jeopardize its franchised service from WC, was later corrected. The Houghton Association of Commerce presented witnesses, armed with a resolution, leaving no room for doubt that Houghton, like all other Michigan cities, staunchly supports Nationwide Airlines.

Wisconsin Central Airlines was supported at the hearing only by the city of Green Bay, Wisconsin, and by Milwaukee, in addition to their own officers. The route in question, however, most directly concerns the Upper Peninsula of Michigan, all cities of which were enthusiastically for Nationwide Airlines.

Just how the CAB will act on the petitions before it is anyone's guess. If the federal board rejects Nationwide's application, it must do so by ignoring the desires of the area most directly concerned. A happy solution would be to franchise Nationwide Airlines for the route from the U. P. cities to the Lower Peninsula and to let Wisconsin Central serve the U. P. on a route to Chicago.

## Tucker Acquitted Of Fraud Charges

SOMETIMES it's difficult to fully understand the peculiar twists in American justice. The acquittal of Preston Tucker and seven associates on charges of criminal fraud is such a case.

Tucker and his associates were involved in a fantastic deal from which was to develop a "dream car." The Tucker stock promotions flizzed and 28 million dollars were lost, much of it from "franchised" Tucker dealers and from persons who bought Tucker stock.

There is, of course, nothing criminal about going broke, but the Tucker transactions were so amazing that indications of outright fraud were apparent early in the game. Tucker was indicted on no less than 31 counts. The jury found him not guilty of any of them.

Perhaps justice is properly served by this verdict, but it can hardly appear that way to the average person. A person sent to jail for the theft of a few dollars must surely wonder what is justice, American style, when Tucker and his associates can squander 28 millions and get away with it. The evidence showed that considerable quantities of this money went to Tucker personally and to his relatives.

## Teachers Will Visit Industry Wednesday

THE second annual Business-Industry Education day program will be held in Delta county on Wednesday under the sponsorship of the Chambers of Commerce of Escanaba and Gladstone.

Teachers of the city and rural schools will spend an entire day at the various industrial and commercial industrial establishments in Escanaba, Gladstone, Wells, Groos and Bark River. Besides watching manufacturing processes and other business operations, they will confer with executives of the concerns regarding personnel training problems and other policies.

Main objective of the B. I. E. day program is to acquaint educators with the problems of business and industry. From the consultation, the teachers will gain a better idea of the personnel needs of the employer. It is quite probable that it will result in some changes in educational courses to produce trained workers for business in the future.

The Chambers of Commerce of Escanaba and Gladstone, through their joint sponsorship of B. I. E. day, are making a worthwhile contribution to the welfare of both industry and education.

## Butter Will Sell Strictly On Merit

AFTER 64 years, the federal taxes on colored and white oleomargarine are about to be repealed.

Coming on top of last year's repeal action in the house, the recent senate vote of 56 to 16 for removal of the levies adds up to a smashing defeat for dairy state lawmakers. They claimed repeal would drive butter off the market and wreck the dairy industry.

It would be noted, however, that the butter advocates have not lost the war—merely a major battle. For 16 states completely outlaw oleo, three others tax both the white and yellow varieties and three more tax just white margarine. So long as those state laws stay on the books, butter will continue to enjoy a competitive edge in 22 states.

At the federal level all efforts to block repeal failed in the senate. About the only triumphs salvaged by dairy state legislators were amendments requiring that oleo be sold in triangular shape and be identified properly in restaurants.

The action is a victory for lawmakers from the big cities in the industrial north, plus a sizable group from the south. That alignment cut sharply across party lines, with 34 Democrats and 22 Republicans voting for repeal.

The northern lawmakers argued that repeal would bring oleo within pocketbook reach of many housewives who now can afford neither butter nor oleo. They contended that thousands of families badly need one or the other product in their daily diet. The nutritional value of oleo is rated close to that of butter.

Southerners who supported this block of senators were interested in promoting cottonseed oil, a prime ingredient of oleo. But the size of the repeal vote suggests the northern group could have won even without southern backing.

Whether the market for butter will in fact be harmed by oleo tax repeal is a question to be tested by time. The disinterested bystander must find it hard to understand, however, why in a free American economy butter should not take its chances competitively with any rival products. If it has the superior quantities claimed for it, butter should not suffer unduly in any contest with oleo.

### WINTER WOODLAND

There are two kinds of winter woodlands. Sometimes the snow is late in coming and there's a feeling of bareness and loneliness as one walks over the sodden leaves of hardwood groves or on the soft needles beneath whispering evergreens. Sometimes the snow lies deep and one feels he is in a winter wonderland. Winter, to some, is a period to be endured; to others who live each season and each day as a new experience, it is a time to feel and see an integral part of Nature's majesty and beauty.

Each bole and limb of the hardwoods is an entity, etched against gray sky or blue. Bark patterns are clear and distinct; each bud on its twig is a living thing, formed last summer and waiting for the never-failing call in due time. This is the period of revelation. Squirrels' nests are bulky blotches in the trees; swamps and sloughs lie open and white-capped muskrats' domes remind one of Eskimos' igloos. Cat-tail heads are unravelling in the wind and hornets' nests on birch limbs are ragged masses of gray paper.

One of the loveliest of Nature's pictures in the book of the year is an evergreen grove after a fall of moist clinging snow. Then the Green Needle ladies are formally dressed in their spottless cloaks of ermine. In the heart of a grove of tall pines, spruces or hemlocks, there is always music in the fragrant, resinous air. Even on a still winter day when frosty air is motionless over meadows and fields, there is soft music among the tops of the green trees. They whisper and murmur among themselves. Man cannot solve the mystery of life. Before he can only have a humble reverence. In the trees the pulse of life is low; but in the great scheme that ordains this flowering world, we know that life is still present in the branches that lift to the sun and wind and stars. Beneath the leaves and needles, encased seeds are waiting. Life is safely stored in the magic chromosomes. It would be good if all men would take time to walk in the winter woods. There is strength for human hearts and a renewal of faith in the steadfast trees.—By Hayden Pearson.

You can hardly expect the importance of an election to register with folks who don't register themselves.

### ENGLISH QUIZ

Give yourself 10 points for each correct answer. A score of 100 is perfect; 90 is excellent; 80 is very good; 70 is good; 60 is fair; 50 or under is poor.

- "Since that time," he said, "much water has flown over the dam." He has stated an impossibility. Do you know why?
- Measles are very contagious," said the doctor. Is his statement grammatically correct?
- John Doe has lived in Chicago for 30 years. He was born in St. Louis. Is it correct to say that he has long been a native Chicagoan? (Caution here.)
- Which word would you use: "I broke both (lens? lenses?) of my glasses?"
- "Come quick." "Come quickly." Is either sentence incorrect?
- "I have hives from eating fish," she said. Can she properly say that she is covered with welts?
- Is this sentence correct? "Neither one of the boys were able to get their lessons."
- "Since 'men' is the plural of 'man,' 'German' is the correct plural of 'German.' Correct?"
- Which is correct: "They invited my wife and I, my wife and me, my wife and myself?"
- The "character" and "reputation" exact synonyms?

### Answers

- "Flown" is the past participle of the verb "fly." Water doesn't fly—it flows. (Correct: . . . flowed over the dam.)

## Coalition Hits Civil Rights

BY MARQUIS CHILDS

WASHINGTON—Again and again in the recent past a combination of Republicans and Southern Democrats has effectively blocked social and economic legislation. Now once more that same combination threatens to put back the rule that made the house rules committee a narrow gate holding back any legislation the combine did not want.

This system had some cynical advantages. It saved members of the house who might otherwise be put on the spot the embarrassment of having to vote on highly controversial issues. It also, on the credit side, tended to restrain men such as Rep. John Rankin of Mississippi, who is fond of proposing billions in new pensions for veterans.

The present move to restore the old roadblock appears to be aimed at President Truman's civil rights legislation. If those highly controversial measures can be kept from debate and a vote, then a lot of unhappiness will be avoided.

UNDEMOCRATIC TECHNIQUE  
But obviously this technique implies a fear and distrust of the Democratic process. It is, in fact, undemocratic. And that becomes all the more obvious when it is realized that there is an alternative to the president's proposals, and that alternative has considerable support in the south.

The all-out adherents of the administration's fair employment practices law will, of course, denounce the substitute put forward by Rep. Brooks Hays of Arkansas as milk and water. Hays does not provide powers of punishment to be directed by the federal government against those who discriminate for reasons of race, color or creed in hiring and firing.

The Hays substitute would set up a minorities employment bureau in the department of labor. This bureau would be authorized to set up local, state and regional advisory councils to aid in carrying out a policy of non-discrimination.

In other words, the reliance would be on education and persuasion. Any fair-minded person must admit to doubt as to whether prejudice can be legislated away by punitive powers exercised by the long arm of the federal government. On the other hand, we have let this matter of prejudice fester for a long time and the process of education is slow. One of the chief arguments for the administration measure is that without a stick behind the door, there will be no progress.

Eleven states now have fair employment practice laws of one kind or another. As has been aptly said, the states are laboratories for testing legislation. It would seem to me that a wise preliminary move would be to canvass carefully the results that have been achieved. From what I have been able to learn, those states that have the power to punish employers have not used the punitive provisions.

Why is that so? Has any substantial progress been made in breaking down prejudice in employment? The answers to these and a number of related questions should be helpful to congress.

ANTI-LYNCHING BILL  
Representative Hays also has a substitute anti-lynching bill. It provides that where both the community and the state fail to take action when a lynching has occurred, federal officials may go before a federal judge and argue that the state has failed in its duty. If the judge finds this is true, then the federal government would take jurisdiction with authority to apprehend and try the lynchers.

It seems to me that these are both valid compromises that an honest man could vote for without any suspicion of evasion or fact-saving. They both recognize that the power of law is limited, a lesson this country should have learned through the tragic experiment of prohibition when alcohol was presumably legislated out of existence.

Changes are coming very fast and traditional patterns are being swiftly altered. An important case is soon to be heard by the supreme court involving a charge brought by Elmer W. Henderson, a Negro employee of the president's wartime fair employment practices committee. Traveling in the south on official business, Henderson was denied a place in a dining car because the table ordinarily reserved for Negroes was occupied by white passengers.

Solicitor General Philip B. Perlman has filed an extraordinary brief in which he attacks the whole concept of "separate but equal" facilities that has prevailed with considerable sanction from the courts. The very idea of separate facilities or separate rights, the brief says, is in itself a negation of the full and complete possession of privileges and immunities of citizenship.

The tides of change can never be halted by a flat refusal to admit that they exist. But they can be channeled in such a way as to bring acceptance by almost everyone and acceptance can mean progress and a lessening of harmful tensions.

- "Measles," though plural in form, is a singular noun. Correct: Measles is a very contagious.
- It is not correct. One is a native of one's place of birth. John Doe, therefore, is a native of St. Louis, and a citizen of Chicago.
- The plural of "lens" is "lenses."
- Both are correct; it's a matter of choice.
- No. "Whelps" are newborn pups of a dog or wolf. A bump or ridge on the skin may be called a wale or wheal. Also, but inaccurately, a welt.
- The sentence is erroneous. Correct: Neither one of the boys was able to get his lesson.
- Wrong. "German" is his formed from "man." It is a word of undetermined origin. The correct plural is: Germans.
- Correct: . . . my wife and me.
- The words are not synonymous. "Character" is what a person is; reputation is what he is supposed to be.—Abbott.

## There Appears To Be Two Schools of Thought

## Good Evening

By Clint Dunathan

BAHAMA CRUISE—At Miami, Fla., these days, the Ed Erickson family of Escanaba is planning a mid-winter cruise to the Bahamas before turning back north next spring. This is their second winter in Florida.

They sailed from Escanaba on their ketch, America, in the late fall of 1948, cruising down Lake Michigan to Chicago, thence via the Illinois and Mississippi rivers to the Gulf Coast.

Writing from Miami on Jan. 15

reports: "Bent on the main and staysail today while the crew gave the cockpit a second coat of paint. We had a shower before I could get the sail covers on so will have to dry them tomorrow. The ship is getting to look pretty decent again. Some of the boats up at Hardies' dock are planning a little cruise down the Keys in a day or so and if we get ready in time may join them to make a trial run to try out the changes I have made.

"Will put in a couple more water tanks before we take off for the Bahama Islands. We picked up a little air-cooled outboard motor and took a ride up the river this evening. There are northern boats of all types down here. This afternoon a big power craft from Milwaukee passed us."

OLD ACQUAINTANCE—Ed describes a trip with Paul Cates, who took the Erickson family for a ride to Fort Lauderdale and a visit to the new yacht basin, largest and most elaborate of its kind in the world.

"We stopped at a gas station for directions and while my daughter, Eula, was talking to the attendant, he just stared at me. When she stopped talking he blurted out, 'Isn't your name Erickson, and didn't you write articles about your cruise for the Press?' The attendant was Roy Larson from home. We had a nice visit with him, and he urged us to keep on writing you, and said that a lot of his friends had enjoyed reading about our trip."

FRIENDS AND CHRISTMAS—Another time the Ericksons looked up the Rev. Evans, former pastor of the First Methodist church in Escanaba, now living in Florida. Although he had recently been ill, Rev. Evans again appeared well.

"Sitting in their cozy living room and seeing him smile, hearing him laugh and talk about working with young people and the joy he receives in their friendship, you couldn't help but admire the man. It is little wonder that the folks of his church in Escanaba loved him."

Christmas is "different in the Sunny South," Ed reports. "Fredie had a Christmas tree on the ship, although it was only thirty-nine inches high. The family attended the Christmas ceremony held by Knights Templar of Miami—and my wife got a break when we went out for dinner."

There was a big parade on Dec. 21, and in the evening a Shrine ball at the auditorium at Bay Front Park. The Ericksons attended, only representatives of Ahmed Temple. Marquette, although Shriners were there from all over the country.

GAMES AND PAGEANTS—Ed had planned to stay aboard the boat and listen to the Orange Bowl game over the radio. But because

## INTO THE PAST

### Ten Years Ago

Gladstone—Mrs. W. L. Marble has left for St. Petersburg, Fla., where she will visit for several months.

Manistique—Vivian Carlson, Upper Peninsula Potato queen, will attend the all Michigan dinner meeting of the Michigan Press Association in Lansing Jan. 25. She will remain in Lansing for the Farmers' Week program.

Nahma—Mr. and Mrs. Thomas Tobin of Nahma observed their golden wedding anniversary Jan. 20.

Escanaba—Miss Adele Hessel, Carnegie public librarian, has been appointed a member of the adult education committee of the Michigan Library association.

Twenty Years Ago  
Escanaba—L. K. Edwards, L. J. Jacobs, Maurice Boyle, John P. Norton and P. L. Sullivan were elected to the board of directors of the Universal Cinder Products company at a meeting held at the plant in Wells this week. After the election, the board selected Edwards as president, Sullivan as general manager, Jacobs as treasurer and Norton as secretary.

Manistique—Frank N. Cookson has been appointed chairman of the Schoolcraft county road commission.  
Gladstone—Eddie Fraser, son of Mr. and Mrs. John Fraser, is a member of a U. S. Navy trio which will broadcast from the Milwaukee radio station every Friday night. Fraser is manager of the Jolly Tinkers, a trio which has toured the world playing at various Naval functions and has broadcast over several radio stations. Their ensemble consists of a steel guitar, a ukelele and a mandolin.

he is good at taking colored movies, the family persuaded Ed to accompany them to the game, and take pictures of the game and the colorful parade that followed. The game was exciting, 64,000 fans cheered, and Ed took colored movies; the spectacle of queens and costumed paraders, bands and uniformed marchers, was impressive—and Ed took more movies. "It was a gorgeous sight to behold," he reported, viewing it through his movie camera eyepiece.

LOOKING AHEAD—"Life on the ship is quite different than it was last summer," Ed continues. "There are a lot of things going on, interesting and friendly skipper visit us, and time seems to fly by."

"There are quite a few sailing yachts planning to make the Bahama Island cruise in early February, so we expect to have a good time."

"The crew is busy now getting the ship ready to sail. It looks much better than it did when A. V. Aronson (Escanaba city manager) and his wife visited us for a day in December."

"On our proposed visit to the Bahama Islands we will see a fantastic archipelago stretching off the coast of Florida almost to the coast of Haiti. It contains 90 islands and 2,386 rocky cays, and in total length is nearly 700 miles from east to west."

"If we had another sailor aboard the 1,200 mile jumbo down to the Virgin Islands would be interesting, and watches wouldn't be too tough to take. It would be a good shakedown cruise to get us ready for the trip up the East Atlantic coast next spring."

(That trip up the coast will see the Ericksons heading north again—toward Escanaba and home, perhaps arriving here next fall.)

### Potter's Report

Dear Editor:

The President still insists that the coal strike has produced no emergency in the nation. While the President reiterated his confidence that all was well, here is what was happening:

\*Robert L. Denham, general counsel of the National Labor Relations Board, applied for a court order to force the miners back on a normal five-day week on a complaint charging John L. Lewis and his miners with unfair labor practices. This calls for a hearing before any court order is issued. Conceivably, it could be weeks before any court action is taken. Denham did not move under the "national emergency" section of the Taft-Hartley act. Such action by the President would ask for a temporary restraining order which would be effective immediately. Denham is not proceeding along that line, under the President's holding that there is no "emergency."

\*More than 300 major industrial plants in the Pittsburgh area were asked to shut down because of electric power shortage due to coal shortage;

\*Crucible Steel cut its production 25 percent at the Midland, Pa. plant and laid off 1,000 employees, because of lack of coal;

\*The store-operating subsidiary of United States Steel Corp. shut off credit to striking miners, officials saying they couldn't let the unpaid bills pile up any longer;

\*The Pittsburgh Retail Coal Merchants Association announced that coal will be rationed in that area;

\*Relief applications from Pennsylvania miners are flooding the Pennsylvania Department of Public Assistance;

\*Athalone Brown, a Mine Union official of Brownville, Pa., said, "We're sending our children to school hungry around here."

The Chamber of Commerce of the United States surveyed the situation in the 10 principal bituminous coal-using states with the following results:

\*Illinois: Critical to desperate, rationing in many areas;  
\*Indiana: Critical for homes except in Evansville; industry will be crippled with advent of cold weather;

\*Iowa: Critical; supplies are being pooled and will be rationed;  
\*Michigan: Critical in many areas now; others will be critical with advent of cold weather;

\*Minnesota: Stocks 30 to 56 percent of normal; situation may be critical with cold weather;  
\*Missouri: Critical except in areas where natural gas is used;  
\*New York: Supplies low in rural bituminous-using areas;

\*Ohio: Critical or will be in most areas except where natural gas is used; rationing being employed in some areas;

\*Pennsylvania: Situation may become critical with cold weather;  
\*Wisconsin: Situation is worst in rural areas; Oshkosh supply is completely exhausted.

The coal miners are being used for political purposes by both John L. Lewis and the President. Seemingly, they themselves want the Government to enter into the dispute so they can go back on a full work schedule. They are sick and tired of being forced to work part time and in many instances seeing their families hungry. President Truman should take immediate action in the coal emergency for the benefit of the miners as well as the general public.

## The Washington Merry-Go-Round

BY DREW PEARSON

WASHINGTON—One year ago two justice department lawyers, Max Goldschien and Drew O'Keefe, began studying a stack of crime reports three feet high gathered from various cities of the U. S. A. Thus, very slowly at first, began the current probe of the nation's far-flung gambling networks.

Actually, the federal government cannot investigate gambling. It has the power to investigate narcotics, white slavery, immigration violations and income taxes, but although the public doesn't realize it, these are closely meshed with the great gambling syndicates, until the organized underworld of the nation is now integrated and divided in about the same way that a railroad changes crews and engines at division points.

Two powerful officials have tried to block this investigation. One was inside the U. S. treasury in Washington, the other high up in the state of California. **PROBE GETS RESULTS**  
Despite this, however, the probe began to bear real fruit when, last week, 16 members of a California narcotics gang were indicted. Leader of the gang is Joe Cica, and his arrest illustrates how closely organized crime is integrated from coast to coast.

Sica is a New Jersey boy and a part of the original Costello gang, having trained with Willie Moretti, the gambling king of New Jersey. Moretti has been Frankie Costello's No. 1 man in that area.

General Vaughan, the president's military aide, has admitted under oath that one of Costello's partners, Bill Helis, the Golden Greek, contributed through him, Vaughan, to Truman campaigns; while John Maragon had admitted under oath that he worked for another Costello partner, Phil Kastel.

Coming to California, with that state's wartime growing pains, Joe Sica became Mickey Cohen's bodyguard, then gradually climbed the ladder of crime until he is now Southern California's No. 1 hoodlum. Like Mickey, he runs a haberdashery shop on Sunset Boulevard (under the sovereignty of good-natured Sheriff Gene Biscailuz, rather than the tougher Los Angeles police) and also operates a health club as a blind for a bookie joint and a narcotics center.

And, as the gangster star of Mickey Cohen wanted, Joe Sica, the boy from New Jersey, became more potent and has more or less taken Mickey's place.

Being ambitious, Joe was not satisfied with the sovereignty of Los Angeles alone. Up the rich central valley of California are some of the wealthiest farmlands in the world, and an old stamping ground for Sica. Once he served as bodyguard for Joe Cannon, the gambling king of Fresno, while one of his narcotics runners, Alex Berry, was pilot of Cannon's private airplane.

So Joe Sica became narcotics king of the central valley. Pine Lake lodge, just outside Fresno, for a time became headquarters for the mob, with 11 teletype machines bringing in news of the racing world. (Pine Lake lodge is now purged of the mob and under completely new management.)

**OFFICIAL NAIVETE**  
Diagonally across from the police station in downtown Fresno, operated Joe Cannon's swank gambling joint, the Plantation club. Not many of Fresno's overwhelming law-abiding citizens connected Cannon with any outside mob, and Ex-Police Chief Ray T. Wallace, when asked why he didn't close the Plantation club, naively replied that he couldn't get his undercover agents inside it—even though an ex-policeman was the elevator operator, and even though newsmen had no difficulty gaining access.

Furthermore, not many of Fresno's largely law-abiding citizens realized that the 32 houses of prostitution in the city paid an average of \$175 per girl per month to the police with about \$5,000 to the powers that be in order even to get started. To take over an old leave on a house of ill fame cost as much as \$35,000; so it was cheaper to start a new house for \$5,000. Meanwhile, cheaper gambling establishments paid at the rate of about \$150 a month for police protection.

One gambling house, the Club Alabam, was even owned by Lieut. S. A. Meek of the Fresno police force.

**POLICE CHIEF'S HOLDINGS**  
The police chief responsible for keeping order in Fresno at that time was blue-eyed, heavy-set, likable Ray T. Wallace, who received a salary from the city of \$450 a month.

Not many people in Fresno probably took the trouble to investigate Chief Wallace's property holdings, though such investigation can be accomplished merely by looking up the county tax assessor's records. This columnist did look up the records, and was surprised to find that the police chief or his wife owned some 16 ranches or parcels of land totaling 1,742 acres.

This does not include three lots in the city of Fresno, two ranches recently sold, a hotel and restaurant on G street, and the "OK Rubber Welders," a tire recapping establishment that is owned in partnership with Wallace's son.

These were some of the facts confronting courageous Gordon Dunn, the Stanford university athlete, after he found himself elected mayor of Fresno last April. These facts also may have been one reason why he promptly fired Police Chief Wallace and Lieutenant Meek, owner of the Club Alabam, and rebuffed the proposals of his campaign manager, Robert Franklin, to open up the city.

Mayor Dunn also clamped down on a long string of tawdry hotels and houses in Fresno's red-light district. In addition he cracked down on every gambling club in Fresno. A few citizens, who consider gambling and houses of prostitution proper ways of keeping migrant workers' money in town, have complained.

## New York Has Another Crisis

### Shortage Of Water Now, Says Ruark

By ROBERT C. RUARK

NEW YORK—I can always tell when I am back in New York, because they always have a crisis of some sort. If it ain't O'Dwyer or a transportation strike it is either gambling scandals or water shortage or Frank Costello and I dunno which I need less.

We will cite this water thing, which is new to me, if not to you. I am taking my usual shower in a cabinet which not only has a down-pourer but boasts some side-bar sprays. I am using up fluid like crazy, and getting reasonably clean in the process, when the factotum runs in and gives a horrified yelp.

"Washing!" says the factotum, as if I had been discovered pilfering the piggy-bank. "You not only aren't supposed to wash in it, but you're not supposed to drink it, either. The department of health just got out a bulletin saying water was harmful to the insides. They say you can dig your grave with a water-glass."

I muttered something about water unmixing with bourbon being apt to have a corrosive effect on the inner man, which was grandpa's theory and good enough for me. I kept on sozzling in the shower and the factotum screamed again.

"Honest to gawd," the factotum said, "they will put you in jail for this. This is the new black market. You aren't supposed to be clean, not if you are an honest citizen."

**\$5 to Wash Car**  
So I cut off the spray and mumbled some more about being a taxpayer, but that doesn't make any difference. Cleanliness is next to ungodliness in my home town, and there is a thriving black market in car-wash jobs—\$5 bucks at the auto-easy, or sly-shampoo shop, and if you ask for water in your whisky you get sneered at as unpatriotic.

I suppose there is a serious water shortage, and next week there will probably be a serious air shortage, and we will run out of grass this summer, or some such, and if this is civilization I am tired of it. They ought to organize it better—say, like my reprehensible friends, Hal Davis and Herb Landon of Kenyon and Eckhardt. The firm deals in public relations.

The boys' handling of the water shortage is as superb as the resolution of the grain shortage by Mr. Chuck Luckman, the late boss of Lever Bros. By late I mean not currently present.

## Upper Peninsula Bank Debits Drop

LANSING—(AP)—Bank debits—"Money at work"—increased in only two major Michigan communities last year, the state department of economic development reported today.

They were Flint, with a 4.6 per cent increase, and Sault Ste. Marie with a 3.2 per cent increase. Twelve typical cities in the lower peninsula showed a 5 per cent reduction in bank debits and 10 in the northern peninsula listed a 7.2 per cent decline.

The biggest reductions were 17.2 per cent in Muskegon and 16.9 per cent in Calumet, the department said. Its figures were based on reports of the Chicago and Minneapolis Federal Reserve Banks.

The department said the southern Michigan decline "may be attributed to a considerable degree to work stoppages resulting from shortages of steel." That in the northern peninsula, the report said is due to "various factors."

Following are the other percentage reductions:  
Adrian, 1.3; Battle Creek, 2.5; Bay City, 3.1; Detroit, 1; Grand Rapids, 5; Jackson, 5.4; Kalamazoo, 9.6; Lansing, 6; Port Huron, 7.7; Saginaw, 5.4; Escanaba, 7.2; Hancock-Houghton, 10.3; Iron Mountain, 10.6; Iron River-Stambaugh, 8; Ironwood, 5.7; Ishpeming, 0.3; Marquette, 1.7; and Menominee, 14.2.

The department said bank debits "reflect such activities as purchases of goods by commerce and industry, payment of wages and salaries and the attitude of the public toward holding or spending money."

Texas Debutantes  
Coming Here  
For Skiing

Three Corpus Christi debutantes, one of whom lived in the Upper Peninsula for a short time, are arriving here tonight for a weekend of skiing at the Gladstone Ski Park and at the Gateway at Lake of Lakes, Wisconsin. They are Kay McCauley, Arden Stuart and Althea Mueller. Driving up from Texas with them are Kay's mother, Mrs. Charles F. McCauley, and Mrs. Glenn Stuart, Arden's mother. They will be guests of Mrs. McCauley's sister-in-law and her husband, the Michael B. Jensens, 602 Lake Shore Drive.

Kay, who learned to ski during a winter she spent in Ironwood with her grandmother, the late Mrs. Dan Kennedy, is a granddaughter of Captain and Mrs. Charles P. McCauley, who were prominent Delta county pioneers.

## Births

Mr. and Mrs. Urban Hebert, Ensign Route One, are the parents of a daughter, their second child born January 23 at St. Francis hospital. The baby weighed eight pounds and one ounce.

Mr. and Mrs. George Bonfield, 117 South Second street, are the parents of a son, their first child, born Sunday noon, January 22, at St. Francis hospital. The baby weighed seven and one-half pounds. Mrs. Bonfield is the former Jeanne Schrader of South Bend, Ind.

## Trenary

**Guild Sponsors Party**  
TRENARY—A social, sponsored by St. Rita's Guild, was held in the parish hall Sunday evening. Lunch was served by the hostesses committee. Josephine Coaster, Mrs. Carl Christofferson, Lena Dambo, Catherine Mikovic and Mrs. Francis Finlan.

**Methodist Ladies' Aid**  
The Methodist Ladies' Aid held a meeting in the church parlors with Mrs. John Jacobson, hostess. Lunch followed the business and social sessions. The next meeting will be held Thursday evening, February 2, in the church parlors with Mrs. Neil Hytinen and Mrs. Robert Richmond, hostesses.

**Lions Club Activities**  
The Trenary Lions club is planning a ladies' night meeting which will be a Valentine party the evening of February 14. The skating rink in the school yard, sponsored by the club, is now in operation, and arrangements have been made to heat the dressing room and keep the rink lighted until 9 each evening. Arnold Hill and Frank Praznik served lunch at the recent club meeting.

**Persons**  
Mrs. Andrew Hytinen and son, Gerald, have returned from a visit at the Abe Karasti home in Rapid River. Mr. Hytinen, Willard Quarfoot and George and Sheldon Trenary spent the day fishing at their fishing shack on the ice at Bay de Noquet at Kipling.

Mr. and Mrs. Robert Carlson and baby of Limestone spent Sunday visiting at the Carl Holmquist home.

## Work With Deaf Children Told

Mrs. Lottie Woodford  
Rotary Speaker

Something of the tragedy that befalls a child afflicted with deafness and the infinite patience that must be exercised in getting those so handicapped to acquire a working knowledge of language and the ability to read lips, provided a fascinating basis for a talk given by Mrs. Lottie Woodford before the Manistique Rotary Club Monday noon.

Mrs. Woodford, who has for several years, had charge of the training of deaf children in Manistique, even after children acquire a vocabulary that is workable, the process of getting them to frame these words into sentences with meaning involves a period even more trying.

She used the word "caught" with its widely varied shades of meaning as a fair example. It is hard, she said, to get a child to understand that the same word may be used to imply that "you" caught a cold, caught a fish, your clothes caught on a nail, caught a ride, etc. Irregular verbs, such as "go" and "went" are also serious stumbling blocks in the training of a deaf child.

Mrs. Woodford stated that the purpose of her talk was to bring before the club the case of one of her students. The child, she learned, possessed partial hearing and she wished to have the child sent to a hearing clinic maintained by the state where he could be provided with a properly adjusted hearing aid and that it was her desire that the Rotary Club provide a portion of the expense involved.

Mrs. Woodford advised that people desiring hearing aids would do well to have their cases adjusted at clinics before purchasing them. Improperly adjusted aids produce distortions of sound that are as confusing as deafness itself, she said.

## Social

## Bethel Mission Circle

The Mission Circle of Bethel Baptist church met Thursday at the home of Mrs. Anna Sommerwald, on Mackinac avenue. The Rev. Harold Martinson gave a talk and there was a vocal solo by Mrs. Julius Settergren. Money for the aprons was turned in. Guests present at the meeting were Mrs. Axel Holmquist, Mrs. Art Nelson, Mrs. Andrew Mattland and Mrs. Leonard Larson. Assistant hostess was Mrs. Arthur Curran.

## Housework Easy Without Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills. Doan's, used successfully by millions for over 40 years. While these symptoms may occur otherwise, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

## Work On New Masonic Home Is Well Under Way

Work of remodeling the quarters acquired by the Manistique Masonic Association for lodge room purposes in the city is now well underway and the committee in charge expects that they will be ready for use some time this spring.

A new heating system was installed last fall, the ceilings in the several rooms have been lowered two feet with celotex ceilings built in and work is now devoted to getting the kitchen, dining room and recreation room in readiness with the hope of having the recreation room in readiness for use for clubroom purposes before the lodge room proper is completed.

The new lodge quarters are housed in what is commonly known as the Bloomer-Costello Block which the local Masonic association purchased last year. The Eat Shop, Cliff's Market and a part of the DMC store occupy the ground quarters.

## Mrs. E. Hoffman Called By Death

Funeral Services  
Wednesday P. M.

Mrs. Esther Hoffman, of 425 North Houghton avenue, died Monday morning at the Shaw hospital following a several months' illness. Funeral services have been set for Wednesday afternoon at 1:30 o'clock at the Morton Funeral Home. The rites will be conducted by the Rev. Paul Sobel and interment will be in the Gardens of Rest cemetery at Escanaba.

Mrs. Hoffman, whose maiden name was Esther Quarnstrom, was born at Daggett on November 26, 1898 and was married at Menominee to John Hoffman on April 27, 1918. Shortly after their marriage they moved to Escanaba where the family resided until eight years ago when they moved to Manistique.

Surviving the deceased are her husband, John, of Manistique; her mother, Mrs. W. J. Dory, of Daggett; a son, Stanley Hoffman, of Menominee; two daughters, Mrs. Eleanor Day, Plymouth; Miss Shirley Hoffman, at home; five brothers, James Quarnstrom, of Springfield, Ill.; John Quarnstrom, Chicago; Clarence Quarnstrom, Ketchikan, Alaska; Wilbert Quarnstrom, Chicago, Ill.; and Martin Quarnstrom, of Hermansville; five sisters, Mrs. Viola Ferner, Green Bay, Wis.; Mrs. Zella Bermlint, Iron Mountain; Mrs. Margaret Holland, Misewanka, Ind.; Mrs. Ann LaBonte, Soudsburg; Mrs. Ora Smith, Elgin, Ill. There are also five grandchildren.

Mid Year Exams At High School  
January 26-27

First semester examinations will be held at the high school Thursday and Friday of this week, according to announcement by Carl Olson, principal.

Mr. Olson stresses the importance of these exams because they count for one-fifth of the semester grade.

Every student is required to take these examinations at a definite time. If special arrangements have to be made because of conflicts, they should be taken care of before hand, says Olson.

## Will Vote On Parking Meters

Question On Ballot At April Election

Parking meters will be an issue in the spring municipal election of April 8.

The city council, at its regular meeting Monday evening, voted to submit to the voters in the spring election the question: "Shall the City of Manistique continue the use of parking meters?"

This question, the city attorney explained is merely a move to get an expression from the public on this much debated question and it is not binding upon the city council, regardless of its outcome.

Councilman William Berger objected to making this an election issue stating that he was tired of having someone draw up a petition whenever the council voted on any matter of importance.

Mayor Walter Burns took a different view. He stated that he favored a vote on the proposition although he voted in favor of meters. "I don't feel we have been mistaken in our judgment and I believe the voters will express themselves in our favor."

Councilman William Sellman, who was, originally, lukewarm to meters, agreed with Burns. "Let's see how the people feel about it," he said.

## Cemetery Matters

The question was brought up by the city manager as to whether or not the use of the cemetery vault may be extended for other cemeteries and if so would it be proper to charge special rates in these instances. It was also suggested that a cemetery board be created and that a number of changes be made in the ordinance governing cemeteries. No action was taken although it was suggested that the subject be made a matter of business at some council meeting in the near future.

**Police Firemen Pay**  
The council ruled, for the purpose of determining the rate of pay of city policemen and firemen that pay shall be computed on a basis of 26 days per month with overtime on a basis of \$1.00 per hour on the present wage schedule.

## Briefly Told

**WSCS**—The WSCS Study Class of the First Methodist church will meet Wednesday at 2 p. m., at the home of Mrs. Star Hansen, 530 Washington avenue. There will be hymn singing and a discussion on "We the People of the Ecumenical Church."

## First Baptist To Observe Family Night Wednesday

Family night will be observed at the First Baptist church next Wednesday evening.

Activities will begin with a dinner which starts promptly at 6:30. Later in the evening two films will be shown—one, in color of the Holy Land showing many of the scenes where Jesus once walked and many places where important events in Biblical history took place. The other picture deals with Oberammergau and certain scenes of the Passion Play to be enacted this year.

The American Municipal association, surveying 265 localities, found pay for city attorneys ranges from \$600 to \$17,500 a year.

## Manistique Man Will Teach At Choir School

Paul Peterson, who was graduated from the Manistique high school in 1930 and resided at 133 Cedar street, will be one of the teachers at the Salem college summer choir school in Winston-Salem, N. C., June 11 to 21. He is the son of Mrs. Ida Peterson, of Manistique.

Peterson is a graduate of the Eastman School of Music, Rochester, N. Y., and studied at North-western university, the Christian Summer School, and the Juilliard School of Music. He has served as choir director of the Second Reformed and Spencer Ripley Methodist churches in Rochester, director and soloist of the Home Moravian church in Winston-Salem, and as voice teacher and choir director in the Rochester public schools.

Peterson organized choral groups in the U. S. Navy during World War II. He is now director of the Salem college choral ensemble and teacher of courses in religious music methods and materials. He also has appeared as a soloist in the Piedmont Festival.

## Students 'Air' Ideas At Panel

Bigger Gym, Career Day, Suggestions

A group of students from Gladstone high school presented some of their ideas at a panel discussion Monday morning at the "coffee hour" and gave adults attending some food for thought.

Janet Sinclair served as chairman and Mary Mathison presented members of the panel including Larry LaPlant, Jim Schram, Pat Heisl, Mary Alice Kroust, Francis Stearns and Bill Beach. Miss Margaret Schenk is faculty advisor.

The function of and procedure followed in a panel discussion also was explained at the outset.

Need for improved and enlarged gymnasium facilities was cited by the students. The possibility of extending the present gym southward toward Dakota avenue was broached.

Holding of a career day annual, as a bit of guidance for high school students was suggested. Business and professional men and industrialists could visit the school one day each year and each explain his business, profession or industry to the students, advising them what is necessary to succeed in it, and thus aid them in selecting their life's work.

Dissatisfaction with the present curfew regulation was expressed. The inadequate handling of the traffic situation at the ski park Sunday also was discussed.

## ESCANABA DAILY PRESS SPORTS "It Seems To Me"

BY JIM WARD

The time is rapidly approaching when Golden Gloves battlers, Escanaba Hawks, Gladstone Indians and high school and independent basketball teams in the area will relinquish the center of the stage to Johnny Lujack, two-time Notre Dame all-American and present star quarterback with the Chicago Bears in professional football.

There is magic in the name of Lujack. All reports about the fellow are good, and it is the general consensus in the sporting world that Lujack is every bit as fine a person as he is a football player.

He is modest and unassuming, we are informed, but he is modest without being shy and retiring. In other words, he can deliver a good talk. He has been trained in public speaking at Notre Dame, and it is evident from previous reports that he has learned the tricks of the trade very well.

When you attend the high school football recognition dinner at St. Joseph's dining hall at 6:30 next Monday evening, you're not only going to get a look at this phenomenally successful football player, but you're going to hear a good talk as well. Selling himself to the public is part of Lujack's business as a professional football player, and he is sharp enough to do an excellent job of it.

Tickets for the dinner, which is in honor of 1949 players of the Escanaba and St. Joseph's high school teams and their coaches, are being sold at a brisk pace this week. So if you have not already procured yours, drop in to Gust Aspi's, the Escanaba Taxi service, Tommy's Lunch, Groos Drug or Chamber of Commerce and pick up your duets without delay.

Whether a special concession was made because Lujack also happens to be a very handsome fellow is a moot question, but at any rate, Claude Tobin, jr., chairman of the affair, informs us that women are especially invited to attend this year's football recognition dinner.

So you don't have to slip away from the little woman to have a night out on this occasion. You can bring her right along with you.

Another unusual twist to the dinner this year is that it will mark the first time the Gladstone high school football lettermen and some Gladstone basketball lettermen will attend as special guests of a group of unidentified Gladstone businessmen, who modestly and commendably, prefer to remain just that—unidentified.

It's a grand gesture on their part, and they certainly are to be congratulated. You see what we mean about there being magic in the name of Lujack?

Cuff notes: Keith Cutler, that amazing Cooks high school basketball player who last Friday made 58 points against Grand Marais, is an all-around athlete and an honor student. . . . When he made 26 field goals last Friday, he made 92 per cent of his shots at the basket. . . . Imagine that! . . . It boosted his average for the season to a phenomenal 65 percent (40 per cent is considered unusually good) and to a point average of 25 per game.

Cutler made 27 points against Grand Marais in the third quarter alone. . . . He plays third base and left field on Cooks baseball team. . . . And as George Ruwisch remarked after refereeing a recent basketball game in which he played: "What a tailback he would make in football." . . . Cooks high school does not have a football team, but Cutler's agility, dexterity, quick reflexes, shiftness, fast footwork and general athletic know-how and natural ability would make him a great halfback.

Louise Myers, Escanaba Ladies Minor Bowling league secretary, is greatly missed by her bowling mates. . . . Louise has been ill for five weeks and will be a patient in the Rochester clinic for the next month. . . . Her place is being taken by Elaine Flath, who reports that all the girls miss Louise very much and wish her a speedy recovery.

### Cloverland Quintet Going To Manistique

The Cloverland college quintet will journey to Manistique to meet the Manistique VFW in a feature attraction in the Manistique high school gym at 8 tomorrow night. All team members are asked to meet at the Cue and Cushion at 6:30 tomorrow evening.

### Ohio State Regains Big 10 Lead With Win Over Iowa '5'

CHICAGO—(P)—Ohio State, remaining invincible on its home floor, was back in the big ten basketball lead today after blasting Iowa, 68-54.

It was the Buckeyes' fourth league win in five starts. Their only loss was 66-50 to Illinois on their only venture away from home thus far.

The Ohio-Iowa game was the only big ten competition last night. The Buckeyes invaded Minnesota Saturday to wind up a week of little conference activity because of mid-term examinations.

In taking a 1½ game lead over second-place Wisconsin, Ohio State counted 24 baskets in 73 shots and had the contest under control at the half with a 40-24 lead. Dick Schmittker topped the winners with 21 points. Lanky Charles Darling popped in 21 for Iowa.

Minnesota, fired by center Maynard Johnson's 24 point barrage, trounced Michigan State 73-56 in a non-league contest.

## Two Kayoes, Four TKOs On Opening Card

Two clear-cut knockouts—one of which perhaps was the most decisive ever witnessed in amateur peninsula boxing—and four technical kayoes featured the all-novice opening card of the eighth annual U. P. Golden Gloves tournament before 600 fans at the junior high gym last night.

A capacity crowd is expected to see a 17-bout program of semifinals and finals in both the novice and open divisions tonight. The first bout will start at 8:15.

The kayo punch that brought the crowd to its feet last night was administered by Alex Betsinger, Marinette 147-pounder, who tagged Leonard Fox, Munising battler, right on the button with a right hook in the third and last round. Up to that point, Betsinger and Fox were fairly even on points and had mixed it freely.

Fox was out for several minutes and the stretcher was brought out but he finally came around OK.

Duane Brown, popular Escanaba 160-pound novice scrapper, produced the evening's other kayo. He put Leo Maki, of Munising, to sleep with a right hook at 14 seconds of the second round. It was a delayed action "time bomb" that did the trick, for Maki stayed on his feet and actually landed a punch on Brown before he drifted off.

TKOs were scored by George Cavadeas, Bark River, over James Weltz, of Hulbert, in the second round of a 126 novice go; by Truman Van Luven, American Soo, over Dick Dufour, Manistique, at 1:45 of the first round of a 118-pound novice bout when Referee Jim Manci, of Iron Mountain, stopped the action; by Franklin Massey, of American Soo, over Delbert Mercier, Munising, in the 135-pound novice class, and by Don Hase, of Munising, over Julius Artwich, Stambaugh, in a heavyweight novice slugfest.

Van Luven had too much speed, range and experience for game little Dufour, who protested stopping the fight. But Manci's decision to call it off came at the same time Judge Al Jacobson, Marquette, remarked casually at the ringside that Van Luven had too much stuff.

Massey scored a knockdown in the first round. Mercier lost his mouthpiece. He got up gamely but when he told Referee Manci he couldn't see, the latter called it off and awarded the bout to the speedy Soo scrapper on a first round TKO.

It was a slugfest as far as it went, but it didn't go far enough. Hase, the aggressor, had Artwich groggy in the first round and bloodied his face with repeated hard rights and lefts in the second to gain a TKO at 1:43. The Stambaugh fighter was up against the ropes and obviously had enough for the night.

Three split decisions also marked the card. Bob Minor, Manistique, took a 2-1 nod over Dale McDonald, Soo, in the curtain-raiser, which was as good as any championship bout.

Evenly matched, these two 126-pounders kept the pressure on all the way. Minor was knocked down in the third round, but he had piled up enough points in the first two

## Holy Cross Still Called Nation's Leading Quintet

NEW YORK—(P)—The classy Crusaders of Holy Cross continued to reign today as the kingpins of the country's college basketball teams in the fourth weekly Associated Press poll.

The all-conquering quintet from Worcester, Mass., who wrested leadership from St. John's of Brooklyn by a narrow margin last week captured top honors by a landslide vote.

Unbeaten in 14 starts this season, Holy Cross drew 118 of a possible 166 first place votes cast by sports writers and sports casters from coast to coast, to win in a breeze from second ranked Duquesne of Pittsburgh. The point margin was 1,600 to 1,024.

The Pennsylvania Dukes, the only other undefeated major five, picked up only four first place nominations but grabbed enough seconds and thirds to vault from sixth to second. Duquesne has won 13 straight.

Long Island University, despite its 55-52 upset by North Carolina State last Tuesday, clung to its third place ranking.

Indiana, eighth a week ago, dropped one place despite winning both its games during the week.

The top teams (first place ballots in parentheses, and records including Monday night's games):

	Record	Pts.
1. Holy Cross ... (118)	14-0	1,600
2. Duquesne ... (4)	13-0	1,024
3. Long Island ... (10)	13-2	836
4. Kentucky ... (6)	11-4	762
5. St. John's ... (6)	15-2	754
6. Bradley ... (8)	15-3	698
7. LaSalle ... (6)	11-2	534
8. C. C. N. Y. ... (9)	9-2	446
9. Indiana ... (2)	12-2	394
10. N. Caro. State ... (2)	13-3	350

to win a split nod that was voted vociferously.

Vern Johnson, colored Manistique 126-pounder, won by unanimous decision over Russell Duff, Caspian battler. Duff's nose was bloodied and he trailed by a sizeable margin. It was evident Johnson loves this hyeah fight game!

Another clear-cut decision was registered by Richard Greig, Caspian, with Duane DeSautel, of Manistique, as the victim. In this 147-novice affair, Greig was the aggressor all the way.

A second split decision and one most audibly protested by the crowd was Stanley Maedtkette's win over Ted Libick, Marquette, in a 147 novice go. Maedtkette played the ropes, thereby bringing the wrath of the fight faithful down on his head, but he scored repeatedly with a left hook and won by a narrow margin.

Once, Libick caught Maedtkette in his own trap and punched him clear over the ropes. He was aggressive, willing to mix, and gained a 60-59 edge on Judge George Hurley's ballot, but Judge George Grenholm and Referee Manci awarded it to the Manistique fighter.

The third split decision went to little Bill McKenzie, Munising, in a 160-novice division fight. Dick Kraig, rugged and ready red-thatched Marquette scrapper, didn't have any boxing science but he opened up like a bulldozer without a governor.

But these tactics failed to scare McKenzie, who kept coming back for more and when the Marquette redhead ran out of gas, the edge went to "Mac."

Making their second appearance of the evening in the 147-novice consolation championship bout, Libick and DeSautel showed the effects of their early bouts with Maedtkette and Greig, respectively, but Libick apparently was less tired—he won!

He scored a second round TKO over Artwich last night and in one of the feature bouts tonight will meet the rough and rugged Howard LaFramboise, of Marinette, for the heavyweight novice championship of the eighth annual U. P. Golden Gloves tournament. Hase hails from Munising, and Artwich is a Stambaugh product, a brother of Ben Artwich, stellar Stambaugh hockey goalie. (Escanaba Press Photo)

## Maxim Favored Over Mills In London Title Go Tonight

LONDON—(P)—Freddie Mills brings the world's light heavyweight title out of cold storage tonight for the first time in 18 months when he meets America's Joey Maxim.

The chances are 2 to 1 that he won't get a chance to put it back. The 15-round argument is scheduled for 9 p. m., London time (4 p. m. Eastern Standard Time) before a sellout crowd of 18,000 at the Earl's Court arena.

Mills claims he's in better shape than when he won the crown on points from Gus Lesnevich in July of 1948.

"I'm feeling really good this time," said the 30-year-old Briton. "Everything's been going right. My legs feel good and I think I'm

better than I have been for five years."

Maxim, a good looking black-haired battler from Cleveland, was as nervous as a novice as he tried to kill time yesterday.

"That's the way I like him," purred smooth-talking Jack Kearns, his manager. "Keep him on edge and he fights his best. He's ready."

The fighters were due to meet for the first time in three weeks when they report to Promoter Jack Solomons' gym this afternoon for the official weigh-in.

Neither expected any difficulty in making the 175-pound limit. Maxim weighed 174½ pounds yesterday and Mills 174.

The outcome seemed to hinge

on whether Maxim can stop Mills' hard left hooks. Maxim is a boxer, Mills a puncher. The experts here figure if the fight goes the full 15 rounds Mills doesn't stand a chance. They feel that to win Mills must stop the American and the sooner the better.

Maxim has been knocked out only once in 10 years of professional fights. Curtis Sheppard stopped him cold with a wild punch in the first round of a Cleveland fight eight years ago. Maxim later whipped Sheppard.

In his last fight Mills was knocked out by Bruce Woodcock in 14 rounds. That was last June. Maxim has won four in a row and hasn't lost since Ezzard Charles beat him on a split decision a year ago.

## New Pro Grid League On Firm Foundation

Philadelphia—(P)—The structure of the new National-American Football league was firm on its foundation today with only a few finishing touches needed before the house-warming next fall.

Prodded by the forceful hand of Commissioner Bert Bell, the 13 NFL owners completed a six day founding meeting last night by agreeing on two working divisions.

All that remains to ready the league for business is a schedule, and Bell has promised that in about a month.

**Here's The Lineup**  
The NFL—Product of a merger between the National Football league and three All-America conference teams—came up with this division alignment after hours of bitter debate:

1. Philadelphia, Cleveland, New York Giants, Pittsburgh, Chicago Cardinals, and Washington.

2. Chicago Bears, Los Angeles, San Francisco, Green Bay, Detroit and the New York Bulldogs.

3. Baltimore was designated as the "swing" team and will be placed in one of the divisions for standing purposes at a later date.

Commissioner Bell said the teams would play a 12 game schedule, probably engaging in home and home series with five teams in their own divisions; meeting one traditional rival and the "swing" team.

Baltimore as the "swing" team plays each team once—six games at home and six on the road.

**Marshall Is Mad**  
A decision on the divisions came only after Bell threatened to set up the sections himself.

Most bitter about the decision was George Marshall, Washington Redskins owner, who cast the lone dissenting vote. Marshall wasn't

even in the meeting room when the final vote was held. He had left in disgust, giving Bell his proxy—a no vote.

Marshall said making Baltimore a swing team killed a home and home traditional series between the Colts and Redskins. It also meant that the Baltimore club would play teams at home which also would appear in Washington.

Then there was Ray Bennigsen, Chicago Cardinal president, unhappy because the profitable home and home series with the Chicago Bears is out the window. The Bears and Cards draw 100,000 people at \$275,000 for their two annual games. Not next year. They'll only meet once.

**Happy About Draft**

All the owners appeared happy with the results of the 390 player draft, operated on a Bell plan. The commissioner set up the draft machinery late Saturday after the owners failed to come up with a solution of their own.

The name players of 1949—Leon Hart, Notre Dame end; Doak Walker, Southern Methodist back and Charley Justice, North Carolina back—also were grabbed off.

Detroit in a series of maneuvers came up with Hart and Walker, while Washington drafted Justice as its 16th choice because he may not play pro football.

Detroit made the biggest deal of the meeting, sending its great back, Bullet Bill Dudley, to Washington for Dan Sandifer, defensive half-back of the Redskins.

The only player business still on tap is drafting of the displaced players from defunct All-American conference teams—Chicago Hornets, Buffalo Bills, and Los Angeles Dons. That will be done June 3.

**Esky Bowlers Beat Manistique Quintet**

Eino Kanas, Joe LaFave, Don Sandman, Gil Kangas, Lloyd K. Olsen and Stanley Sarasin, substitute, a team of Escanaba youthful kieglers, defeated a picked Manistique five Sunday, 2,303 to 2,107.

Eino and Gil scored 498 and 482, respectively. LaFave hit 389, Sandman 480 and Ison 447.

Manistique scored as follows: Goncse Klusie 522, Chesser Strasser 438, Zoot Bare 392, Nick Frankovich 378 and John Frankovich 376. The Eskies will travel to Manistique Feb. 5, Gladstone Feb. 12, Nequamee Feb. 19 and Iron Mountain Feb. 26.

### Ceremonies To Be Held Wednesday

The Escanaba Queen, to compete with other U. P. community queens in the Queen of the North contest, will be announced at appropriate ceremonies to be conducted in the Delft Theatre Wednesday night.

Mayor Robert E. LeMire will confer the crown to the Escanaba queen. George Carroll will be master of ceremonies and Ivan Kobasic and his orchestra will play coronation music.

Aileen Gaffney, Patsy Buzzell, Delight Harkins, Doris Carlson, Judy Shaw, Pat Rouman, Patt Nichol, Jacquelyn Gingrass, Beverly Feldstein, Dora Rose and Lorraine Gardner are candidates for the title of Escanaba queen. Miss Gingrass injured both ankles at ski tests Sunday and will attend the ceremonies in a wheel chair.

Following the coronation, contestants will be honored at a queen's party at the Chicken Shack.

The U. P. Queen of the North will be selected here Feb. 11, and will receive her crown in William Bonifas auditorium that night. Mrs. Harold Groos of Escanaba is chairman and queen's director for the U. P. contest. Tom Tomlinson is Escanaba chairman.

Mrs. Fred Swank and Fred Johnson are in charge of staging and ceremonial for the queen's contests.

## Boy Burned Because He Was Bad; Parents Cited For Neglect

OLD BRIDGE, N. J.—(AP)—"I was burned because I was a bad boy."

This tale, told by four-year-old Roy Kulberda, yesterday caused Middlesex county probation officers to arrest the child's mother, Mrs. Elizabeth Kulberda, 23, and her husband, Thomas, 24, on criminal neglect charges. The young couple has two other children.

Chief County Probation Officer Bernhart Jensen and Madison township police found the boy covered with infected burns in his home, a two-room shack six miles from New Brunswick.

Mr. and Mrs. Kulberda were arraigned on the criminal neglect charges last night before Magistrate Maxwell Mayer of Madison township. They were released in \$2,000 bail each for action of the Middlesex county grand jury.

Jensen described the case as "The worst we have come across in 20 years." He said the burns on Roy's body were infected and two of them swollen as large as apples. The four-year-old child weighed 25 pounds, Jensen said.

## Wage Boosts Blamed For Increased Steel Prices By Fairless

WASHINGTON—(AP)—President Benjamin Fairless of the U. S. Steel Corporation told a congressional committee today the recent steel price rise should cause no "harmful effect whatsoever" on price levels in other industries.

Any upward changes, added the head of "big steel," "will be due more to increased labor, transportation and other costs, than to any change in the price of steel." He cited recent auto price cuts as a case in point.

Fairless said the price boost his company ordered was "made necessary by heavy increases in our costs. This is the simple truth."

As items of this increased cost, he emphasized:

(A) New insurance and pension programs, \$67,500,000; and (B) Increased social security tax, \$3,400,000.

"These costs alone are \$3.88 per ton and more than offset the \$3.82 per ton which we hope to obtain from our price increases," Fairless said in a statement prepared for delivery before the Senate-House economic committee.

## Chicago Boy, 10, Not Home For Supper; Found Killed By Car

CHICAGO—(AP)—The crushed body of a schoolboy, who was struck by an automobile in Lincoln Park last night, was rushed to a hospital by park policemen.

The boy was pronounced dead on arrival at Columbus hospital.

A note in the boy's pocket was the chief clue to his identity.

It read: "Dear Dad: I was a bad boy in school today. I was throwing spitballs and had to stand in the corner in the library. I want you to sign this note. Your son, Terry." Added to the penciled note was the signature in ink "Mr. Moore."

Several hours after the accident, Albert Moore appeared at the Austin police station—some 10 miles from the scene of the tragedy—and reported his son Terry, 10, had failed to return home for his evening meal. Police took Moore to a mortuary where he identified the victim of the Lincoln Park accident as his son.

Police said that Moore, a stationary engineer, told them not to tell his wife of their son's death. He said she was critically ill of a heart ailment and was to have entered a hospital last night. Moore said they have four other children.

North Carolina's 62,000-mile highway system is the largest road system maintained by any state of the Union.

## Obituary

**MRS. HATTIE HARRIS**  
Funeral services for Mrs. Hattie Harris Gallagher who died Monday will be held at 10 Thursday morning at the Alto funeral home chapel with Father Martin B. Melican officiating. Burial will be in Holy Cross cemetery. Friends of the family may call at the funeral home beginning at 4 Wednesday.

**H. W. MOORE**  
Funeral services for Hosea W. Moore were held at 2 this afternoon at the Anderson funeral home chapel and burial was made in Lakeview cemetery. Rev. James H. Bell officiated and the Masonic ritual was conducted by Arthur E. Nelson.

C. Arthur Anderson, soloist, sang two requested hymns, "Near the Cross" and "In the Garden." Mrs. F. M. Fernstrom was accompanist.

Honorary pallbearers of the Brotherhood of Railway Trainmen were Joseph Fish, Fred Gardner, Joe E. Browne, Clarence Anderson, James E. Brown and M. L. LaPlante.

Claude A. Moore and Dorothy Ann Moore of Bary, Ind., were among those at the funeral.

Honorary pallbearers of the Masonic order were Henry Hathe-way, Charles Hammar, Andrew Nelson, Arthur Preston, Carl Lambert and John Engebretsen.

## Cut In Federal Excise Taxes Gets OK In Congress

(Continued from Page One)

did not say repeal them, but reduce them. This might mean an overall cut of \$750,000,000.

He did not mention any cuts for the \$9 a gallon liquor excise or the various levies on tobacco.

**Drive On Dodgers**  
Reaction to Mr. Truman's tax ideas was sharp. It indicated:

1. The tax bill Congress finally whips together may slash excises well beyond Mr. Truman's recommendations—possibly as much as \$1,000,000,000 to \$1,500,000,000. The president said he couldn't sign any bill reducing excises unless it provided for replacing the lost revenue.

2. A concerted drive will be made to plug the tax loopholes by which the President said many groups find legal ways to "escape their fair share of taxation." He mentioned present laws which he said give special advantages to oil well and mine owners, charitable and educational organizations engaged in business, and life insurance companies. Some lawmakers are doubtful, however, that the plugs will be as big as the excise cuts.

3. The Senate may not approve this year a bill containing the \$1,000,000,000 increase in taxes on large corporations, estates and gifts, that Mr. Truman wants. Some increases may be passed by the House, but a top Democrat said informally he does not believe the Senate will accept them.

4. Congress probably will join the administration in a drive against tax dodgers, giving the Internal Revenue Bureau about 3,000 additional agents to check on personal income statements.

Some Democrats applauded the tax message. They included House leader McCormack of Massachusetts and Rep. Forand of Rhode Island, a member of the House Ways and Means committee. But Ways and Means chairman Doughton (D-NC) and chairman George (D-Ga.) of the Senate Finance committee would not comment on its contents.

Doughton did say that he thought Congress should make up elsewhere what it lost in excise cuts. George already had said he likes the idea of reducing excises in separate legislation. Doughton said he will call the Ways and Means committee to begin a study of the president's program later this week.

Ways and Means members indicated it will take at least two months for the committee to complete action on a tax bill. However, Doughton voiced confidence both the House and Senate can act before summer rolls around.

Economy talking lawmakers took a dim view of the call for tax increases. Senator Byrd (D-Va.) insisted that the President should put emphasis on economy instead of higher taxes.

Senator Wherry (R-Neb.), GOP Senate floor leader, said the President is trying to raise taxes "to finance spendthrift socialism."

GOP House leader Martin demanded that Congress ignore the call for a broad tax overhaul and instead "repeat the wartime excise taxes immediately." He said business is suffering because buyers are holding off in expectation of tax decreases.

As for Mr. Truman's threat of a veto unless he gets what he says the country's financial position demands, Martin said Congress should not allow "one man to legislate taxes."

Rep. Leonard W. Hall (R-NY) called the message "an insult to Congress" and said Mr. Truman "has set himself up as a dictator."

## Red-Rumped Deer Roam Around Cusino

LANSING—(AP)—If you should spot a deer around the Cusino Wildlife Experiment station in the Upper Peninsula with a red and orange rear, don't think a new species is evolving.

It is only an experiment. The deer, live-trapped, are painted on the rumps with printer's ink to keep track of their movements.

Biologists in charge promise that the color will fade by spring and disappear entirely when the deer get their summer coats.

## Cost Of Atom Bomb Going Up

### Belgium Wants More For Uranium Ore

WASHINGTON—(AP)—Inflation note: Costs may be going up soon for the atomic bomb.

Belgium is expected at a conference opening here next Monday to ask higher prices for the uranium ore—raw material for the A-bomb—sold to the United States. Under a six-year-old agreement, the U. S. is reported to be paying between \$200 and \$300 a ton.

American, Belgian and British representatives were named yesterday to take part in the conference, which will be a strictly hush-hush meeting. The state department announced only that it will deal with "matters of mutual interest in the atomic energy field."

Diplomatic authorities reported, however, that one major item will be negotiation of a new agreement for the sharing of ore from the Belgian Congo, one of the world's main sources. They indicated also the Belgian producers want higher prices.

Under the previous agreement, which was made in 1944 and expired last December 31, most of the Congo's output has come to the United States. All but "a few tons" have been sent here this month under a working agreement to continue on the former basis.

## Death Claims U. S. Deputy In Berlin, Col. William Babcock

BERLIN—(AP)—Colonel William T. Babcock, deputy U. S. commissioner for Berlin who played an active part in East-West disputes over Berlin, died today of a heart attack. He was 52.

Babcock, a former police commissioner of New London, Conn., came to his post in Berlin in 1945.

He was stricken while attending a premiere showing of a Hollywood film. He died 13 minutes after being taken to the hospital.

Babcock took a prominent part in fighting the 1948-49 Berlin blockade. His latest clash with the Russians came only a few days ago when he authorized West Berlin police to take over a vacant part of Berlin's big railroad headquarters.

The move brought a protest from Maj. Gen. Alexander Kotikov, Soviet commander in Berlin, and set off a junior blockade by which the Russians have been delaying road, railway and river traffic in and out of Berlin. After four days the U. S. ordered West Berlin police to return the building to Soviet control.

## Bull Montana, Former Film Tough Guy Dies

LOS ANGELES—(AP)—Lewis (Bull) Montana, veteran wrestler and film actor, died today of heart disease. He was 64.

His cauliflower ears and battered face were known to millions for his heavy and tough-guy parts in the films and before that to wrestling fans.

Montana was born Luigi Montagna in Voghera, Italy. He began wrestling in this country at county fairs and some unidentified sports promoter in the middle west gave him the name "Bull Montana."

Montana took on all comers, among them the great Frank Gotch, Ed (Strangler) Lewis, Joe Stecher, Stanislaus Zbyszko and Jim London.

Montana entered the movies in 1918. Among his best known pictures were "How to Handle Women" and "Good Morning Judge." He had been almost entirely inactive in films for 15 years.

**SMASHUP KILLS BABY**  
CADILLAC—(AP)—Janice Harris, 10-month-old daughter of Mr. and Mrs. Lawrence Harris, was killed Sunday night in an auto accident near Lake City, in Missaukee county. Her father had reached over to disconnect a heater wire and the car hit a culvert. Three other children suffered lacerations. Harris had rib fractures and his wife incurred knee injuries.

Use of liquid carbonic gas, for soda water, was introduced to U. S. in 1888 by Jacob Baur of Terre Haute, Ind.

## Briefly Told

**Purse Found**—The Escanaba Police department reports that a black woman's purse was turned in yesterday. It contains some money. Three high school girls found the purse in the 1100 block on Ludington street.

**Dog Bites Boy**—Richard Eade, seven-year-old son of Mr. and Mrs. Vincent Eade, 318 First avenue south, was bitten by a dog Monday while playing in Triangle Park. He was treated by an Escanaba physician for nose and lip injuries. The dog, owned by Bruce Brackett, has been ordered tied for 10 days.

## Underworld Clue Hunted In Boston \$1,500,000 Holdup

BOSTON—(AP)—Detectives dug deep into the underworld today in efforts to crack the week-old \$1,500,000 Brink's Armored Truck company robbery.

They prepared to return to State Prison to question Samuel S. Granito, 42, of Brooklyn, N. Y.

Granito is serving a 10 to 15 year sentence in connection with the \$110,000 B. F. Sturtevant robbery in 1947.

Police believe the gang that engineered the Sturtevant robbery may have master-minded the Brink's holdup. Granito was the only one convicted in the Sturtevant raid.

Several other ex-convicts were grilled overnight by local and state police. Authorities said some may be released today. Their names were withheld.

The state's chief prosecutor, Atty. Gen. Francis E. Kelly, said that "some one connected with Brink's may be connected with the job."

Investigators said evidence is growing stronger that the raiders were completely familiar with movements of employees.

## More State Aid Asked On Welfare Expenses By Dickinson County

LANSING—(AP)—Officials of Dickinson county will ask the State Social Welfare Commission tomorrow to carry 80 per cent of the county's welfare costs because of unfavorable economic conditions locally.

Governor Williams said reports of the community's "dire straits" were brought to him by Senator Albert J. Wilke (D-Iron Mountain), Joseph Colantonio, chairman of the county board of supervisors and other members of the board.

Williams referred the delegation to the welfare commission.

The governor said the board of supervisors had adopted resolutions asking the state to increase its contribution to local welfare costs from 50 to 80 per cent and to impose a moratorium on mortgages and land contracts.

## British Drink Pop; Liquors Too Costly

LONDON—(AP)—The curse of strong drink—its cost—is driving the British to soda pop.

The National Association of Soft Drink Manufacturers reported today the nation soaked up 225,000,000 gallons of lemonade and such in 1949.

This is twice the prewar average.

So is the cost of beer and whiskey.

## Ensign Man Is Sent To Jail For Assault

James Anderson, 24, of Ensign, Route One, was sentenced to serve 30 days in the county jail, and to pay \$10 medical fees incurred by James Mattice of this city, after Anderson pleaded guilty to a charge of assault and battery in justice court this morning.

Anderson was apprehended by city police on a disorderly charge last night. He assaulted Mattice, about 70, who was a lodger in the jail, and inflicted head injuries and several open wounds. Both were in the same cell.

James Anderson, a veteran of World War II, was tried in court last fall, after he endangered the lives of members of his family, when he used a shotgun indiscriminately while trying to shoot a dog. He then was taken by officers of the county sheriff's department to the state hospital at Newberry and the Veterans hospital in Tomah, Wis., for psychiatric treatment.

## Gunman In Ambush Misses Prosecutor In Texas Slaying

By MARTHA COLE  
BELTON, Tex.—(AP)—The defense today continued its case for Sam Smithwick in a guarded courtroom.

An ambush attack on Prosecutor James K. Evetts last night brought an order from Judge Wesley Dice for Texas rangers, Bell county officers, and highway patrolmen to stand guard.

The unidentified gunman fired two shots at the district attorney as he started to leave the garage at his home. Both missed.

An all-night hunt failed to find a trace of the ambusher. Evetts refused to link the ambush with the trial of the former Jim Wells, county deputy sheriff, charged with the murder of a crusading radio broadcaster, W. H. (Bill) Mason, in Alice, Tex., last July 29.

"I don't know that this has anything to do with the trial," he said. "I can't say that it has. I have lots of enemies."

Evetts yesterday had presented a state witness that testified that the 62-year-old Smithwick, a south Texas peace officer for 25 years, cursed the dying Mason. Another witness had described the shooting during a street encounter between Mason and Smithwick.

## Highways Slippery In Lower Michigan As Drizzle Freezes

(By The Associated Press)  
Freezing rain fell over a large area of southern Michigan today, coating highways with ice and disrupting traffic.

Hundreds of minor traffic mishaps were reported in the lower peninsula where trunklines were termed "slick and dangerous."

In Saginaw all public schools were closed because of the glazed streets. City buses were two hours late in starting their morning rounds. Twenty six auto accidents were blamed on the ice.

Ten rural schools in the Kalamazoo vicinity of southwestern Michigan were closed for the day. Attendance at Kalamazoo Central high school was cut in half by the weather.

## Bark River

### Schools Close

Bark River, Mich.—Bark River-Harris schools will be closed Wednesday while teachers participate in the second annual Business-Industry-Education day in the county. Bark River-Harris will send 26 teachers to Escanaba for the event.

### Lions Meet

Fifteen Bark River Lions club members attended a zone dinner meeting of clubs from Powers, Hermansville, Daggett, Stephenson and Bark River with Everett E. Cookson of Manistique, district governor, in Spalding last night.

### Chimney Fire

The Bark River volunteer fire department was called to the Judas Kwarciany home here Monday morning to control a chimney fire. About 20 men responded to the siren call. Chemicals from the 500-gallon tank were used in controlling the fire. The call is the first this year.

### Briefs

Wilmore Berglund has returned from Chicago and Milwaukee where he attended convention meetings of equipment dealers. Berglund reports that business prospects for the year are considered good but that volume will not approximate that of the record year, 1948.

The condition of Mrs. Louis Derocher, who submitted to an appendectomy at St. Joseph hospital in Menominee Saturday, is reported favorable.

Miss Elizabeth Bennett, who teaches at the Perronville school, spent the past weekend at her home in Ishpeming.

Mrs. Dan Levesque, Mrs. Leonard Niquette, Mrs. Bert Poquette and Mrs. Ray Teal attended the Daughters of Isabella banquet in Escanaba Monday night.
